Selective Herbicide
for Use in Established:

- Bermudagrass
- St. Augustinegrass
- Centipedegrass
- Zoysiagrass
- Selected Landscape Ornamentals

KILLS NUTSEDGE
KILLS TOUGH WEEDS

Kills Dollarweed, Wild Onion, Sandbur, Annual Bluegrass
Treats 6,000 Square Feet

A Selective herbicide for use in established Bermudagrass, Centipedegrass, St. Augustinegrass, Zoysiagrass and selected landscape ornamentals

FIRST AID
If on skin: Wash with plenty of soap and water. Get medical attention. If in eyes: Flush eyes with plenty of water.

ENVIRONMENTAL HAZARDS
DO NOT apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. DO NOT contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Not for use on plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes or climatic modification and being grown on golf courses or lawns and grounds.

Observe all cautions and limitations on this label. The use of IMAGE Consumer Concentrate not consistent with this label may result in plant injury. Keep container closed to avoid spills and contamination.

STORAGE AND DISPOSAL
DO NOT contaminate water, food, or feed by storage or disposal. KEEP FROM FREEZING. Do not store below 32°F. Store in a cool, dry, secure place and keep container closed. Triple rinse container. Then offer for recycling in those states which allow recycling of plastic pesticide containers. Do not reuse empty container. Wrap container and put in trash collection.

DISCLAIMER
The label instructions for the use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Plant injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the use or application of the product contrary to label instructions, all of which are beyond control of AMBRANDS. All such risks shall be assumed by the user.

AMBRANDS warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use therein described when used in accordance with the directions for use, subject to the risks referred to above.

Any damages arising from breach of this warranty shall be limited to direct damages and shall not include consequential commercial damages such as loss of profits or values or any other special or indirect damages. AMBRANDS makes no other express or implied warranty, including other express or implied warranty of FITNESS or of MERCHANTABILITY.

See back for additional precautionary statements.

Keep out of reach of children. Caution! Precaution!

Precaution Al Usuario: Si usted no lee ingles, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.

In case of emergency endangering life or property involving this Product, call day or night, Area Code 800-265-0761.
**GENERAL INFORMATION**

IMAGE Consumer Concentrate selectively controls tough weeds in flower gardens (or turfgrasses), wild cresses and garlic, dollfusweed, field sandbur, ryegrass, crabgrass, bahiagrass, white clover, bent, chickweed, annual bluegrass, and dandelion* in your Bermuda, Zoysiagrass, (Ivy 419, Ivy 57), St. Augustine (Iloram, FX-10, purslane, smilax, centipedegrass, or St Augustine), 5.5 inches is suggested within 1.7 days after application to wash IMAGE Consumer Concentrate into the soil/root zone where greatest weed control activity occurs.

**IMAGE CONSUMER CONCENTRATE USE RATES**

IMAGE Consumer Concentrate should be applied at 3 3/4 oz. (7 1/2 tablespoons) per 1000 sq. ft. Irrigation of rainfall of 0.5 inch is suggested within 1.7 days after application to wash IMAGE Consumer Concentrate into the soil/root zone where greatest weed control activity occurs.

**HOW IMAGE CONSUMER CONCENTRATE WORKS**

IMAGE Consumer Concentrate is mainly absorbed through the root system of undesirable weeds and is translocated throughout the plant for complete kill.

"Multiple applications may be needed.

**MIXING INSTRUCTIONS**

IMAGE Consumer Concentrate can be applied using a hand-trigger sprayer, pump-up sprayer or hose-end applicator (ex: Ortho Spray-tette 4 or Dial Spray), Trigger or pump-up Sprayer; Mix 2.5 ounces (5 tablespoons) of IMAGE Consumer Concentrate per 1 gallon of water (2 teaspoons per 16 ounces (pin) of water). Spray to wet, Hose-end Applicator: 1) Dial Spray - pour 10 ounces of IMAGE Consumer Concentrate into plastic jar, set sprayer dial on 4 top and uniformly apply until jar is empty onto a 4,000 square foot area. 2) Spray-inject 4 - add 7 1/2 ounces of IMAGE Consumer Concentrate into plastic jar, fill with water to the 4 gallon mark on the jar and uniformly apply solution over a 2,000 square foot area.

**SPRAYING INSTRUCTIONS**

Uniformly apply IMAGE Consumer Concentrate sprays with a properly calibrated sprayer in sufficient volume to insure adequate coverage. 2 1/2 gallons (1000 sq. ft). Avoid drift onto vegetables, flowers and unlabelled ornamental shrubs and plants or injury may result; Avoid overlaps when spraying. DO NOT apply when wind velocity is greater than 10 mph.

**SPECIAL PRECAUTIONS**

(Warm-season turfsgrasses and landscape ornamentals)

USE ONLY on well established non-stressed turfgrass with a dense and uniform stand. TEMPORARY YELLOWING may occur.

DO NOT use on unlabelled turfgrass species, including dianthraica.

DO NOT use on tall fescue or mixed stands of tall fescue and bermudagrass when tall fescue is a desirable turfgrass. IMAGE Consumer Concentrate may injure tall fescue.

DO NOT reseed or winter overseeded or plug fescue for 1-2 months after treatment.

DO NOT apply to newly planted, skugged, or sodded turfgrass.

DO NOT use on winter overseeded turfgrasses such as ryegrass, when those species are desirable.

DO NOT graze or feed clippings of treated turfgrasses.

DO NOT use on St Augustine grass for winter weed control. USE ONLY on well-established non-stressed ornamentals or injury may result.

DO NOT apply to unlabelled ornamentals or annual bedding plants.

DO NOT apply in the meeting area of unlabelled ornamentals or annual bedding plants or plant injury may result.

DO NOT apply in vegetable gardens.

DO NOT apply to soil where annual bedding plants may be planted the following year or plant injury may result.

---

**KILL OF WINTER WEEDS**

To kill weeds such as wild garlic, wild onion, henbit, chickweed, lawn burneed, etc., applications should be timed to follow the first killing frost. IMAGE Consumer Concentrate may be applied prior to or soon after emergence of the weeds listed below with the exception of wild onion and wild garlic which must be emerges at application time for control. Do not use on St. Augustaine oragras for winter weed control or other labeled turfgrasses that do not go dormant.

**WEEDS SPECIES KILLED**

GRASSES CONTROLLED:

Annual bluegrass* (Poa annua)
Perennial ryegrass (overseeded) (Lolium perenne)
Tallfescue* (Festuca arundinacea)

BROADLEAF KILLED:

Dandelion* (Taraxacum officinale)
White clover (Trifolium repens)
Wild garlic (Allium vineale)
Wild onion (Allium canadense)
Henbit (Lamium amplexicaule)
Common chickweed (Stellaria media)
Mowerchickweed (Centaurea vulgata)

Cuckooed (Ghaphalium purpureum)
Black Medick (Medicago lupulina)
Buttercup (Ranunculus aquatilis)
Coffeecup Crowing Primrose (Oenothera lancerolata)
Geranium, Cardinal (Geranium carolinum)
Geranium, Dowelot (Geranium malte)
Hairy buttercress (Cardamine hirsuta)
Knaerral (Scellaphus annuus)
Lawn burneed (Golvia planterper)
Pasture-piart (Achimáea arvense)
Purple deadseville (Lamium purpureum)
Red sorrel (Rumex acetosella)

*Multiple applications may be needed.

---

**TO KILL WEEDS IN ORNAMENTALS**

IMAGE Consumer Concentrate is effective in killing weeds like purple and yellow nutsedge in established landscape plantings. Simply apply your IMAGE Consumer Concentrate spray solution to the area where labeled weeds occur. Applications should only be made over the top of or around the listed ornamentals, or severe injury may occur. Do not apply to the root zone of ornamentals not listed below. Ornamentals which are known to be severely injured by IMAGE Consumer Concentrate include azalea, ligustrum (privet), viburnum, pines, and abelia.

**TOLERANT ORNAMENTALS**

Indian Hawthorn (Raphiolepis indica)
Dwarf Yaupon Holly (Ilex verticillata)
Blue Pitzer Juniper (Juniperus chinensis)
Heller Holly (Ilex verticillata)
Red Tip Phalaenopsis (Phalaenopsis)
Yucca (Yucca sp.)
Myrtle (Myrtaceae)
Bordu Holly (Ilex verticillata)
Gardenia 'Miami Supreme' (Gardenia jasminoides)

Tender of the Woods (Itea coccinea)
Confederate Jasmine (Tacholepsernum jasminoides)

Parsley Juniper (Ilex verticillata)
Blue Pacific Juniper (Ilex verticillata)
Blue Hug Juniper 'Wilton' (Ilex verticillata)
Red Grape Myrtle 'Red' (Lagerstroemia indica)
Asian Jasmine 'Mimina' (Tacholepsernum jasminoides)

Giant Liriope 'Evergreen Giant' (Liriope muscari)
Variegated Liriope 'Silky Sunproof' (Liriope muscari)
Pachysandra (Pachysandra terminalis)
Mandost (Mandost hysenpogon)
Hests Lantoli (Hesta sp.)
Society Garlic (Trachelospermum)

**WEED SPECIES CONTROLLED**

GRAASSES CONTROLLED:

Field Sandbur (Cenchrus incertus)
Crabgrass* (Digitaria sanguinalis)
Bahiagrass* (Paspalum notatum)
Ryeagrass, perennial (Lolium perenne)
Tall fescue* (Festuca arundinacea)

SEDGE CONTROLLED:

Purple Nutsewedge (Cyperus rotundus)
Yellow Nutsewedge (Cyperus esculentus)
Annual Sedge (Cyperus capitis)
Green Jyngba (Jyngba brevifolia)
Rice Flatsewedge (Cyperus sp.)
Globe Sedge (Cyperus globosus)

BROADLEAF KILLED:

Dollfusseed* (Hydrocotyle umbellata)
Visetis* (Viola sp.)
Virginia Buttonweed* (Diedea virginiana)

*Multiple applications may be needed.

---

**BROADLEAF KILLED**

Dandelion* (Taraxacum officinale)
White clover (Trifolium repens)
Wild garlic (Allium vineale)
Wild onion (Allium canadense)
Henbit (Lamium amplexicaule)
